NOTICE OF PROPOSED AWARD (NOPA)

Connecting Emerging Energy Technologies and Strategies to Market Needs and Opportunities RFP-15-304 February 22, 2016

On September 01, 2015, the California Energy Commission released a competitive solicitation to select one contractor to develop and implement Connecting Emerging Energy Technologies and Strategies to Market Needs and Opportunities. This project will provide market intelligence, analysis, and expertise to support the commercial success of emerging energy technologies and strategies that can provide benefits to electric ratepayers in Pacific Gas and Electric, Southern California Edison, and San Diego Gas & Electric service territories. Up to \$7 million in Electric Program Investment Charge (EPIC) funding is available for this solicitation.

The Energy Commission received four proposals by the due date of December 22, 2015. The proposals were screened, reviewed, evaluated and scored using the criteria in the solicitation.

The attached "Notice of Proposed Award" identifies the Bidder that is recommended for funding by Energy Commission staff and includes the recommended funding amount and score. The total amount recommended is \$6,937,889.

Funding of the proposed project resulting from this solicitation is also contingent upon the approval of the project at a publicly noticed Energy Commission Business Meeting and execution of a contract agreement. If the Energy Commission is unable to timely execute an agreement with the Bidder, the Energy Commission, at its sole discretion, reserves the right to cancel or otherwise modify the pending award, and award funds to another applicant.

This notice is being mailed to all the Bidders who submitted an application to this solicitation and is also posted on the Energy Commission's website at: www.energy.ca.gov/contracts/.

For information, please contact Diana Parmley at (916) 651-9409 or Diana.Parmley@energy.ca.gov.
